TRÓCAIRE GIFT OF TREES

Your terrific Gift of Trees will help families and communities plant trees native to their country, helping to protect trees and land for future generations.

Trees not only provide a fantastic source of food and nutrition, they can also help to generate an income and protect the environment from climate change.

This is truly a terrific gift for communities and families.

A gift in your honour for a better world.

Your gift is transforming more lives than you know...

A Trócaire Gift brings real hope and opportunity to families and communities living in poverty. Not only does it change the lives of the families receiving the gift, it also changes the lives of the local business owners and farmers that supply the gifts.
